Hi Eric,

I got your phone message. This amendment has been entered as LRBa1514 and I should get to it shortly.

There also may be a few technical items in the bill that might warrant a separate "technical" amendment. For example, at p. 48, line 3, the provision "sue and be sued" should be prefaced with "Subject to s. 893.80" The Fiscal Bureau also called to my attention the term "state funds" at p. 63, line 10, which is technically not right (that is, not consistent with the state, fed, and local appropriations listed on line 11.) Do you want a separate amendment to address the technical concerns that I'm aware of presently?

Thanks. Aaron
